Why Konkuk?

○ Prepare for Your Future
Established in 1931, Konkuk University (KU) is one of South Korea’s leading comprehensive private universities, often recognized among the top 10 out of the country’s 370 higher education institutions. KU has two campuses—the main campus in Seoul and the GLOCAL campus in Chungju—with 21,600 undergraduate and 4,000 graduate students. The university is particularly known for its art and design, biomedicine, bioscience, business administration, and real estate studies departments, and more than 500 courses are taught in English each semester. With some of the nation’s top academic programs and distinguished professors, KU will help you achieve your goals.

○ Student Life in a Vibrant City
Konkuk’s main campus is located in the heart of Seoul, the capital of South Korea. It is just steps away from the Konkuk University subway station, which is serviced by two lines—Line 2 (green) and Line 7 (olive). Line 2 circulates downtown Seoul and offers easy access to almost anywhere in the city, all within one hour. Also nearby the campus is a large shopping mall with a Lotte Department Store, multiplex, and hundreds of cafes and restaurants. Students can leisurely walk over to the Han River Park to bike, swim, and have a picnic as well.

○ Safe and Friendly Campus
Seoul is a safe city by global standards and the entire Konkuk community feels especially safe thanks to the dedication of campus policemen, security guards as well as student volunteers. For emergencies, 15 call boxes are strategically located to provide direct lines to the campus police 24 hours a day. KU is also a diverse, multicultural institution with the Office of International Affairs offering customized services to foreign students. Through a volunteer program, current KU students also assist foreign students in settling down.

○ Global Partnerships
As of November 2015, KU has entered into agreements with 471 institutions in 59 countries. Through the agreements, an increasing number of dual-degree programs, exchange programs, language courses, and short-term programs are becoming available to both KU and foreign students. In 2015, a total of 984 KU students studied abroad and 1,162 foreign students were registered at KU during the fall semester.

International Summer Program (ISP) & International Winter Program (IWP)

The International Summer Program (ISP) and International Winter Program (IWP) are short-term programs that provide great opportunities for foreign students wishing to learn about Korea and experience its culture. The program is suitable for all students, but is particularly valuable to those having a general interest in Korea. During their vacation, students can now gain an understanding of this vibrant country that is considered a global economic and cultural powerhouse and a gateway to the world.

- **Program Highlights**
  - Classes offering interesting insights to Korean history, culture, and business practices
  - Chance to learn the Korean language from the Konkuk Language Institute
  - Field trips and various cultural events
  - Weekend programs and many extracurricular activities with KU students
  - Strong support from the Office of International Affairs, including airport pick-up, Student Buddy System, etc.
  - On-campus housing guaranteed 100%
