### 2025 Konkuk ISS1 Survey feedback

We're conducting a short survey to hear your thoughts on how the Konkuk Summer Session 1 is going so far. Your feedback is incredibly valuable and will help us understand what's working well and where we can improve.

Whether it's about the classes, instructors, activities, or overall experience—we want to hear it all! The survey only takes a few minutes, and your honest input will help make future sessions even better.

Thank you for being part of the program and for taking the time to share your thoughts!

We are so grateful for your participation and engagement this summer - it could not be possible without you all! We hope that you will share your experience with friends, family and other students!
